

Full-Time Civil Engineering Designer (Graduate)

We are looking for the right people to grow with us! Peak Engineering, a locally-owned firm in Flagstaff, offers exciting projects that shape our community. We design building sites, improve drainage systems, and develop water, sewer, and transportation infrastructure. You have the opportunity to work on a wide range of projects, including commercial developments, roadway design, and public utility infrastructure. With each project, you'll have a chance to grow your skills and tackle new challenges.

Why Join Us?

- **Growth Opportunities:** You don't need to know everything-we'll mentor you and help you grow both professionally and personally.
- **Diverse Project Experience:** From commercial sites to public infrastructure projects, you'll gain hands-on experience across various sectors.
- **Team Collaboration:** Work closely with a supportive team where everyone's success is celebrated.
- **Comprehensive Benefits Package:**
 - 8-10 paid holidays annually
 - Paid time off (PTO)
 - Medical, dental, and vision insurance
 - 401k eligibility with a 3% company match
 - Long-term and short-term disability insurance
 - Company-paid life insurance

What We Expect from You:

- Be professional and committed to giving your best.
- Strong computing skills (experience with Microsoft, Adobe, and ideally Civil 3D).
- Bachelor of Science in Civil Engineering preferred.
- 0-2 years' experience in civil engineering design (entry-level welcome!).
- Team player with collaboration experience.

Work Hours: Our office hours are Monday-Thursday, 7:30am - 5:30pm, and Friday, 8:00am – noon

How to Apply: If you're excited to learn and grow with us, send your resume and a short cover letter to tom@peakegr.com and julie@peakegr.com. In your cover letter, tell us about your goals and what you can bring to our team!

We can't wait to meet you.
