

Part-Time Civil Engineering Intern (Student)

Who We Are: Peak Engineering is a local firm based in Flagstaff. We work on projects that improve the community-like designing building sites, and improving water, sewer, and transportation infrastructure.

Why Join Us?

- We're here to mentor you: You don't need to know everything-just bring your enthusiasm, and we'll help you grow!
- Team-oriented environment: Collaboration is key, and we support each other to succeed.
- Client-focused: If you care about giving great service, we'll teach you the rest.

What You'll Do:

- Use your computer skills. You'll work with tools like Microsoft and Adobe software, and learning Civil 3D is a big plus!
- Work with a supportive team: You'll get to contribute to real projects that shape the community.

What We're Looking For:

- Currently studying Civil Engineering (sophomore or higher).
- Experience working in teams (from school, projects, sports, or jobs).
- A willingness to learn and take on new challenges.

Flexible Hours Around School:

- Summer: ~30 hours/week
- School year: ~8 hours/week (we'll work with your class schedule)
- Office hours: Mon-Thurs 7:30am-5:30pm, Fri 8:00am-noon

Compensation and Future Opportunities:

- Pay depends on your experience.
- If you excel, this could lead to full-time work with benefits after graduation, like paid vacation, health insurance, and retirement savings.

How to Apply: If you're excited to learn and grow with us, send your resume and a short cover letter to tom@peakegr.com and julie@peakegr.com. In your cover letter, tell us about your goals and what you can bring to our team!

We can't wait to meet you.
